

DCPAP

Delaware Child Psychiatry Access Program

*We believe in helping primary care providers meet
the needs of children with behavioral concerns*

ABOUT DCPAP

- The Delaware Children's Department has developed DCPAP through a grant from the Health Resources and Services Administration (HRSA).
- DCPAP provides pediatric primary practitioners access to free child psychiatry tele-consultation and training to improve and expedite treatment for their patients.

Delaware Child
Psychiatry Access Program

GOALS OF THE PROJECT INCLUDE:

- Improve pediatric primary access to psychiatric consultation;
- Provide free training and technical support to enable primary care providers to better identify, diagnose, and treat behavioral health conditions;
- Improve primary care practitioners' access to resources and referral services.
